Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Town Creek Wastewater Treatment Plant Reactor & Clarifier Upgrades in fiscal year 2023.

The entity to receive funding for this project is the City of Bardstown, located at 220 North Fifth Street, Bardstown, Kentucky 40004.

The funding would be used to make necessary upgrades to the water system, including replacing the clarifier and reactor, as well as increase the capacity of the treatment plant from a 3MGD system to 4MGD system. This assistance will protect the health of the Bardstown community and environment, ensure the system functions properly, and support the local economy.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

BRETT GUTHRIE
Member of Congress
